Make GSA Your Source for Office Furniture.

GSA provides support to military and civilian agencies acquiring office furniture and furnishings, while offering flexible options designed to accommodate specific requirements. Together, these benefits present comprehensive and flexible choices suitable for meeting any office-furniture requirement, as well as for furniture used in educational settings and conference rooms.

Highlights of GSA's Flexible Requisition/Acquisition Methods:

Requisitioning from GSA

GSA Global Supply procures furniture meeting the ongoing and recurring needs of your federal agency. Since GSA Global Supply has already procured the most in-demand furniture on the government's behalf, obtaining furniture through GSA Global Supply is a simple requisition between agencies – so no comparison shopping is necessary. Standard shipping is included with most orders and “direct delivery” products are clearly identified.

This catalog features some of GSA Global Supply's most popular and frequently ordered office furniture, including desks, file cabinets and chairs. To view GSA Global Supply's complete offering of furniture solutions, visit www.GSAglobalsupply.gsa.gov. Once on the Web site, select “Go” beneath the “Browse Products” option. After you advance to the next page, choose the “Furniture and Furnishings” tab. You will find a vast array of products that includes seating, dormitory furniture, office accessories, and much, much more.

For additional information about ordering from GSA Global Supply, see page i of this publication.

Purchasing from a GSA Vendor

By offering furniture products that cover the breadth of the commercial marketplace, the GSA Multiple Award Schedule (MAS) program enables your agency to choose from thousands of furniture and furnishing products, available from hundreds of pre-qualified vendors. Typically, this method of procurement is quicker and easier than open-market procurements. Although an acquisition is a more involved option than a requisition through GSA Global Supply, issuing a purchase order through the MAS program may be appropriate for obtaining furniture not widely requested enough to be included in the GSA Global Supply inventory. For more information, visit www.gsa.gov/furniture.

Letting GSA Manage the Process

In today's workplace, the complexity of a furniture project can be overwhelming. You may require assistance with planning, procurement and/or project management. For nearly 20 years, GSA has been helping agencies acquire furniture and furnishings, and we can help you, too. GSA's fee-based assisted services for furniture procurements are ideal for large projects that require an experienced furniture, furnishings and office-equipment contracting office. For more information, call (703) 605-9200.

Ensuring Reuse with GSA Personal Property Management

Screening other agencies' excess personal property inventories is the federal government's priority source of supply. And with today's increased environmental consciousness, reusing excess property is a source of supply to take pride in. To help you acquire the excess property your agency needs, GSA offers www.gsa.gov/gsexcess, the personal-property reporting tool for the federal government. At GSAXcess®, reporting, searching and selecting excess property – including furniture – is convenient and user-friendly.

In addition to the furniture available through the National Stock Number (NSN) program, GSA has contracts in place with hundreds of vendors that offer a wide variety of furniture and furnishings. The selection is comparable to that of the commercial marketplace but without the burden of a performing an open-market procurement. For detailed descriptions of the products below and vendor listings, please access the GSA eLibrary through www.gsa.gov/elibrary.

Many GSA Global Supply catalogs feature items with National Stock Numbers (NSNs) and others with GSA part numbers. FEDSTRIP/MILSTRIP customers can order GSA part-numbered items by using one of the following identifiers:

- AOB: For domestic shipment
- AO2: For overseas shipment

Both NSNs and GSA part-numbered items carry the same customer benefits. All are FAR-compliant and AbilityOne Guaranteed. All can be shipped anywhere on the globe. All are backed by GSA Global Supply customer service.

DOD EMALL

All GSA Global Supply items appear on the DOD EMALL site. Customers must use their AAC/DoDAAC to purchase GSA items.

In our ongoing efforts to fulfill your furniture and furnishing needs and provide you with quality products at cost-saving prices, we now have a wider range of offerings than ever before.

Our established NSN special ordering program is designed for your convenience. **No competition on your part is required because the National Furniture Center (NFC) has already done it for you.** There are no additional service fees to worry about. All installation and zone freight fees have been predetermined. Inside delivery rates have also been pre-negotiated.

For additional ease, GSA places your order for you. All orders are direct delivery and shipped by the vendor to your location. This program minimizes administrative burden, expenses, and lead time. The NSN program is the ideal method to satisfy your furniture related needs.

The offerings in this catalog represent a fraction of what is available. To view a complete listing, go to www.globalsupply.gsa.gov.

Direct Delivery

Almost all items in this catalog are Direct Delivery items. The **DD** icon identifies all Direct Delivery items. Direct Delivery items will be shipped directly from the contractor rather than by a GSA Global Supply depot. It is important to plan for longer lead-times on Direct Delivery items.

With Direct Delivery, you will experience the same requisition and billing relationship with GSA Global Supply as you do for stocked items.

Lead Times

Contracts for desk chairs include a provision for shipment within **63** days of contractor receipt of order.

Contracts for contemporary and traditional-style steel and traditional-style wood office furniture include a provision for shipment within **93** days of contractor receipt of order.

Quick Ship Program: Several GSA furniture contracts include a "Quick Ship" provision, enabling customers to get needed furniture shipped within **30** days of contractor receipt of order. The Quick Ship Program applies only to high-priority requisitions, Priorities 01 through 08. Look for the Quick Ship note (📌 *Quick Shipment Available*) throughout this section highlighting the quick ship items. A nominal fee is assessed for quick shipment.

Prices

Direct Delivery Furniture items listed are the approximate delivered price for each item. Prices do not include inside delivery or installation.

Prices may vary based on your geographic location. To determine exact pricing for your location, visit www.GSAglobalsupply.gsa.gov. Log in, or enter your zip code when prompted while viewing product details. The price shown will reflect delivery to your location. Or call (800) 525-8027.

Inside Delivery

As an added convenience, our furniture contracts include inside delivery provisions (with established pricing), allowing new products to be sent exactly where they are needed. Customers will need to request this service at the time orders are placed. To request inside delivery, follow these simple guidelines:

- For phone or fax orders, request inside delivery and provide the name and phone number of a point of contact as well as the exact location for delivery (i.e. floor and room number).
- For FEDSTRIP/MILSTRIP orders, mark "Inside Delivery Required" on the Activity Address Code Record or in the "Mark For" or "Remarks" section of your requisition. Provide the name, phone number and exact location for delivery (i.e. floor and room number).
- For www.GSAglobalsupply.gsa.gov or GSA Advantage!® orders, click on the "change price/address" field while you are viewing your shopping cart. (The field is located under the "Item Details" column and brings up a new screen) In the blank fields, type "Inside Delivery" and the contact information of the recipient. (Please note that this must be done for each item needing inside delivery.)

Reminder: Be sure to check building and elevator accessibility before requesting this service. The inside delivery rates will be negotiated between the contractor and the customer in cases where the building or elevator will not accommodate the item(s).

Charges for this service are \$3.85 per 100 lbs. with a minimum shipment charge of \$35.10. The maximum charge per shipment is \$410. Inside delivery does not include unpacking, leveling, removal of cartons, etc.

Customers with questions regarding this service, or any furniture questions, may call the customer service division of the National Furniture Center at (703) 605-9200.
